Dear Sir:

In response to the Office Action mailed May 16, 2005, requiring an election to the Restriction Requirement, applicants elect, with traverse, Group I which is drawn to an improved phosphor structure and thick film dielectric electroluminescent device. This elected group includes original claims 1-28.

CERTIFICATE OF FIRST CLASS MAILING

I hereby certify that this paper and/or fee is being deposited with the United States Postal Service as First Class Mail service and is addressed to Mail Stop Amendment, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

U.S. Serial No. 10/661,728
Attorney Docket: SMBZ 2 01007

Applicants submit, however, that both groups should properly be examined since this would not place an undue burden on the Examiner. Specifically, applicants submit that the two groups relate to a structure and a process for making the same and that the extent of searching required to examine both groups would be similar to that required for only one group.

Respectfully submitted,
